3 of 3 people found the following review helpful. Fast paced and thrillingBy BlueGirlReality TV star Trevor Spencer has come to Hawaii in search of his wayward sister. He's not planning to stay long and he'd definitely not planning on falling in love. But when he meets the beautiful Kat, all his well laid plans go out the window.The chemistry between Trevor and Kat is fun and believable and the author's descriptions of Hawaii made me want to hop on a plane right now! This is a fun, fast paced book with plenty of sweet romance.1 of 1 people found the following review helpful. This book kept me up until late at night!By AlwaysReadingI love how Trevor isn't looking for love and Kat is protective of her daughter. I love the way the characters fall in love fast...and then slow. The mystery held my attention and I wasn't disappointed with the steamy kisses! Don't miss this one!0 of 0 people found the following review helpful. FluffyBy WestieThe opening chapter really caught my interest, and I liked that the Hawaii Billionaire(TM) here was the female protagonist. And then the rest of the book happened.

A chance meeting with Kat, a glamorous and smart single mother, ignites a spark that kindles into a whirlwind romance.
